

Henan Tosta Machinery Co., Ltd.

Hoist & Crane Trolley

Explosion-Proof Electric Hoist

This Explosion-Proof Electric Hoist is designed with explosion-proof level ExdII BT4 and ExdII CT4, which can be used on workshop fixed suspension rail individually, also can be used with LXB explosion-proof suspension single beam, LB explosion-proof electric single beam and explosion-proof hoist double beam.

The [explosion proof electric hoist](#) is applicable in such occasions as combustible, explosive, dusty, corrosive acid/alkaline/plating and mixture gas. Zhonggong [cranes factory](#) can provide you various cranes with satisfied service.

Advantages of Explosion-Proof Electric Hoist

- Favorable performance, accurate and smooth lifting.
- Safe and reliable traveling.
- Reasonable structure, light dead weight.
- Convenient maintenance, high exchangeability for parts and components.

Specification of Explosion-Proof Electric Hoist

Model	HB Explosion-Proof Electric Hoist
Lifting capacity	1-32t
Lifting height	3-30m
Power supply	3P 220V-690V
Warranty	1 Year
Lift speed	Creep fast or customized
Gear box	3-stage, helical gear reducer
After-sales service provided	Field installation, commissioning and training
Machinery test report	Provided
After warranty service	Video technical support, Online support, Spare parts, Field maintenance
Control method	Pendant +Remote(Customized)
Ambient temperature	-25-40°C
Package type	Packaged by High-quality wooden case

Application Of Explosion-Proof Electric Hoist

Explosion-proof hoists are widely used in petroleum, petrochemical, petrol stations, oil depots, gas production, chemical industry, military, electric power, mining, electronics, railways, and other dangerous environments where fires and explosions occur.
