## Overhead Crane

### Explosion Proof Overhead Crane

[Explosion-proof overhead cranes](#) is evolved on the basis of the LDA model. It has a more reasonable structure, a more beautiful appearance, and a stronger explosion-proof performance. It is usually used with HB type and HBS type explosion-proof electric hoist, and it is a light crane. Zhonggong [cranes factory](#) can provide you various cranes with satisfied service.

### Advantages of Explosion Proof Overhead Crane

- High work efficiency;
- Smooth movement & simple operation;
- Convenient maintenance and beautiful appearance;
- Light weight and reliable performance.

## Specification of Explosion Proof Overhead Crane

Item	Unit	Result
Lifting capacity	ton	1-10ton
lifting height	H(m)	6 9 12 18 24 30
Span	m	7.5-22.5m
Lifting speed	m/min	8 8/0.8
Traveling speed	m/min	20
Working grade		A3-A5
Working environment temperature	°C	-25~40
Power source		three-phase 380V 50HZ
Working speed	m/min	20
