Overhead Crane

Material Handling Overhead Crane

[Material handling bridge cranes](#) are a new generation of cranes with intelligent features. Compared with previous cranes, its lifting speed is doubled. Using stepless variable frequency motor design, the walking is more stable, the structure is compact, and a lot of space is saved. Zhonggong [cranes factory](#) can provide you various cranes with satisfied service.

Advantages of Material Handling Overhead Crane

- Lifting things from 5t to 800t;
- Using box welding, beautiful design.
- Compact structure, light weight, high lifting height;
- The span reaches 32 meters.

Specification of Material Handling Overhead Crane

Capacity:	10 ton~ 40 ton
Lift height	9m to 40m
Span:	Max. to 65m
Duty class:	A7, A8

Power supply:	380V, 50Hz, 3-phase AC
	220V, 60Hz, 3-phase AC
